

IMPERX is Gearing Up for SPIE DSS

BOCA RATON, FL – IMPERX, Inc., the designer and manufacturer of industrial cameras and frame grabbers, is getting ready for the SPIE DSS Show in Baltimore, Maryland. The trade show will be taking place at the Baltimore Convention Center Tuesday, May 6th until Thursday, May 8th. Visit IMPERX at booth #225.

IMPERX will be demonstrating their new design called the “FLEX”. This flexible design allows Bobcat 2.0 CCD cameras internal boards to be separated by up to 10 inches. The FLEX is able to convert any of the IMPERX cameras into a high performance, remote head camera.

At the IMPERX booth, you will also find cameras that are perfect for any environment and any application. IMPERX will demonstrate our Bobcat 2.0 CCD HD-SDI cameras developed in a housing for airborne imaging applications. In the available IP 69 housing, the cameras will operate in wet conditions and distances up to 60,000 ft. altitude. These cameras are perfect for use in aviation, aerial imaging or in areas where temperature and weather is constantly changing. Visit the IMPERX booth to discuss utilizing this camera for your application.

Bobcat 2.0 CCD series camera models range from VGA-29 megapixel with several interfaces to choose from such as GigE Vision®, PoE, Camera Link®, HD-SDI and CoaXPress.

IMPERX will also be attending AUVSI Unmanned Systems Show in Orlando, FL. The trade show will be taking place at the Orange County Convention Center Tuesday, May 13th to Thursday, May 15th.

About IMPERX

IMPERX designs and manufactures high performance cameras, frame grabbers and industrial imaging systems used in the machine vision, medical, military, surveillance and automation markets. Our multi-service brand is recognized for superior performance, reliability, accuracy, and cutting-edge design. Headquartered in Boca Raton, FL, with offices and distributors worldwide, IMPERX is registered to the ISO 9001:2008 Quality Management System Standard and the Environmental Management System Standard ISO 14001:2004. IMPERX is registered with DDTC. Visit www.imperx.com for more information.
