Imperx Inc Conflict Minerals Usage Commitment

Imperx Inc. condemns the ongoing conflict and resulting humanitarian disaster in the Democratic Republic of the Congo and surrounding countries, which is financed, in part, by trade in ores from which tin, tantalum, tungsten, and gold (3TG) conflict minerals are derived. Accordingly, Imperx supports the goals and objectives of Section 1502 of the Dodd-Frank Act, and is fully committed to contributing to the elimination of all 3TG conflict minerals from our products.

Although Imperx Inc. is a Private Company, and as such, is not subject to SEC reporting, nonetheless, the company implements an annual review of all of its suppliers' CMRT smelter list data to produce a company Conflict Mineral Report using the RMI CMRT (an annual copy of which can be provided upon request).

Accordingly, Imperx does not knowingly use any conflict minerals from any designated conflict regions in any of its products.
