

## REACH Certificate of Compliance

### Registration, Evaluation, Authorization, and Restriction of Chemicals (REACH)

The products of **IMPERX**, Inc are in compliance with EU Directive 1907/2006 the Registration, Evaluation, Authorization and Restriction of Chemicals (REACH). This includes Substances of Very High Concern (SVHC) identified on the candidate list through June 1, 2017.

Reference: [http://ec.europa.eu/environment/chemicals/reach/reach\\_en.htm](http://ec.europa.eu/environment/chemicals/reach/reach_en.htm)

**IMPERX** products are assemblies, not raw materials. Based on a review of supplier provided data for materials incorporated into **IMPERX** products, these products are designated as REACH compliant.

- Products are considered “articles” under the REACH Regulations.
- Products do not release substances during normal conditions of use.
- Regarding the Substances of Very High Concern (SVHC) candidate list, products either;
  - 1) Do not contain more than 0.1% by weight per article of any substance on the SVHC candidate list or,
  - 2) If a product is found to contain SVHCs above 0.1%, **IMPERX** notifies the recipients and works to reduce SVHC content.

**IMPERX** will continue to monitor the status of the candidate list as part of our on-going compliance procedures. Under Article 33 of REACH **IMPERX** will inform product recipients and consumers if an article contains more than 0.1% by weight per article of any substance that is added to the SVHC candidate list in the future.
